

State Nominated Occupation Lists (Supplementary Skilled List)

List current as of 25/06/2017

The Supplementary Skilled List reflects all occupations available on the Commonwealth's Consolidated Sponsored Occupations List (CSOL) that are not available on South Australia's State Occupation List. These occupations are only available if you meet the additional requirements detailed on the Skilled Nomination Requirements page.

Please note that some occupations in this list may have certain barriers to being immediately eligible for employment. Please research your employment opportunities thoroughly. It is your responsibility to determine if your occupation requires further training, or if it has registration, licencing, residency or other requirements before you can work in South Australia. You may also be able to use your skills in related skilled occupations.
